JAYPEE GREENS

Another Place. Another World.

"I believe that a golf course should be a challenge, both to the top pros and to the weekend golfer.
It should push the thinking golfer to stretch his mind and his game.

That's why I like to create wider fairways and give you more strategic options.

Encouraging you, for instance, to play shots as close to the hazards as possible to gain more distance or a better approach.

Of course, there is usually an easier alternative for those who want it, but at the cost of distance or strokes.

Angles of approach are important. So I like to provide a range of difficulty in pin locations.

For additional challenge I have a number of tees at different angles and locations.

I like to make each hole as attractive as possible. Using the varying hues of green on the fairways and the rough,
along with the bunkers, to create attractive patterns of shape and colour. I also vary the landscape style by
introducing different colours in the foliage and the flowering of trees.

But, whichever way you play it, sooner or later, the course will test you and push you to the edge.

Jaypee Greens Golf Resort in India is one such attempt to recreate my golfing philosophy
and I hope you will enjoy the game as much as I do."

Greg Norman

Presenting Jaypee Greens Golf Resort.
The country's first
Greg Norman signature championship course.

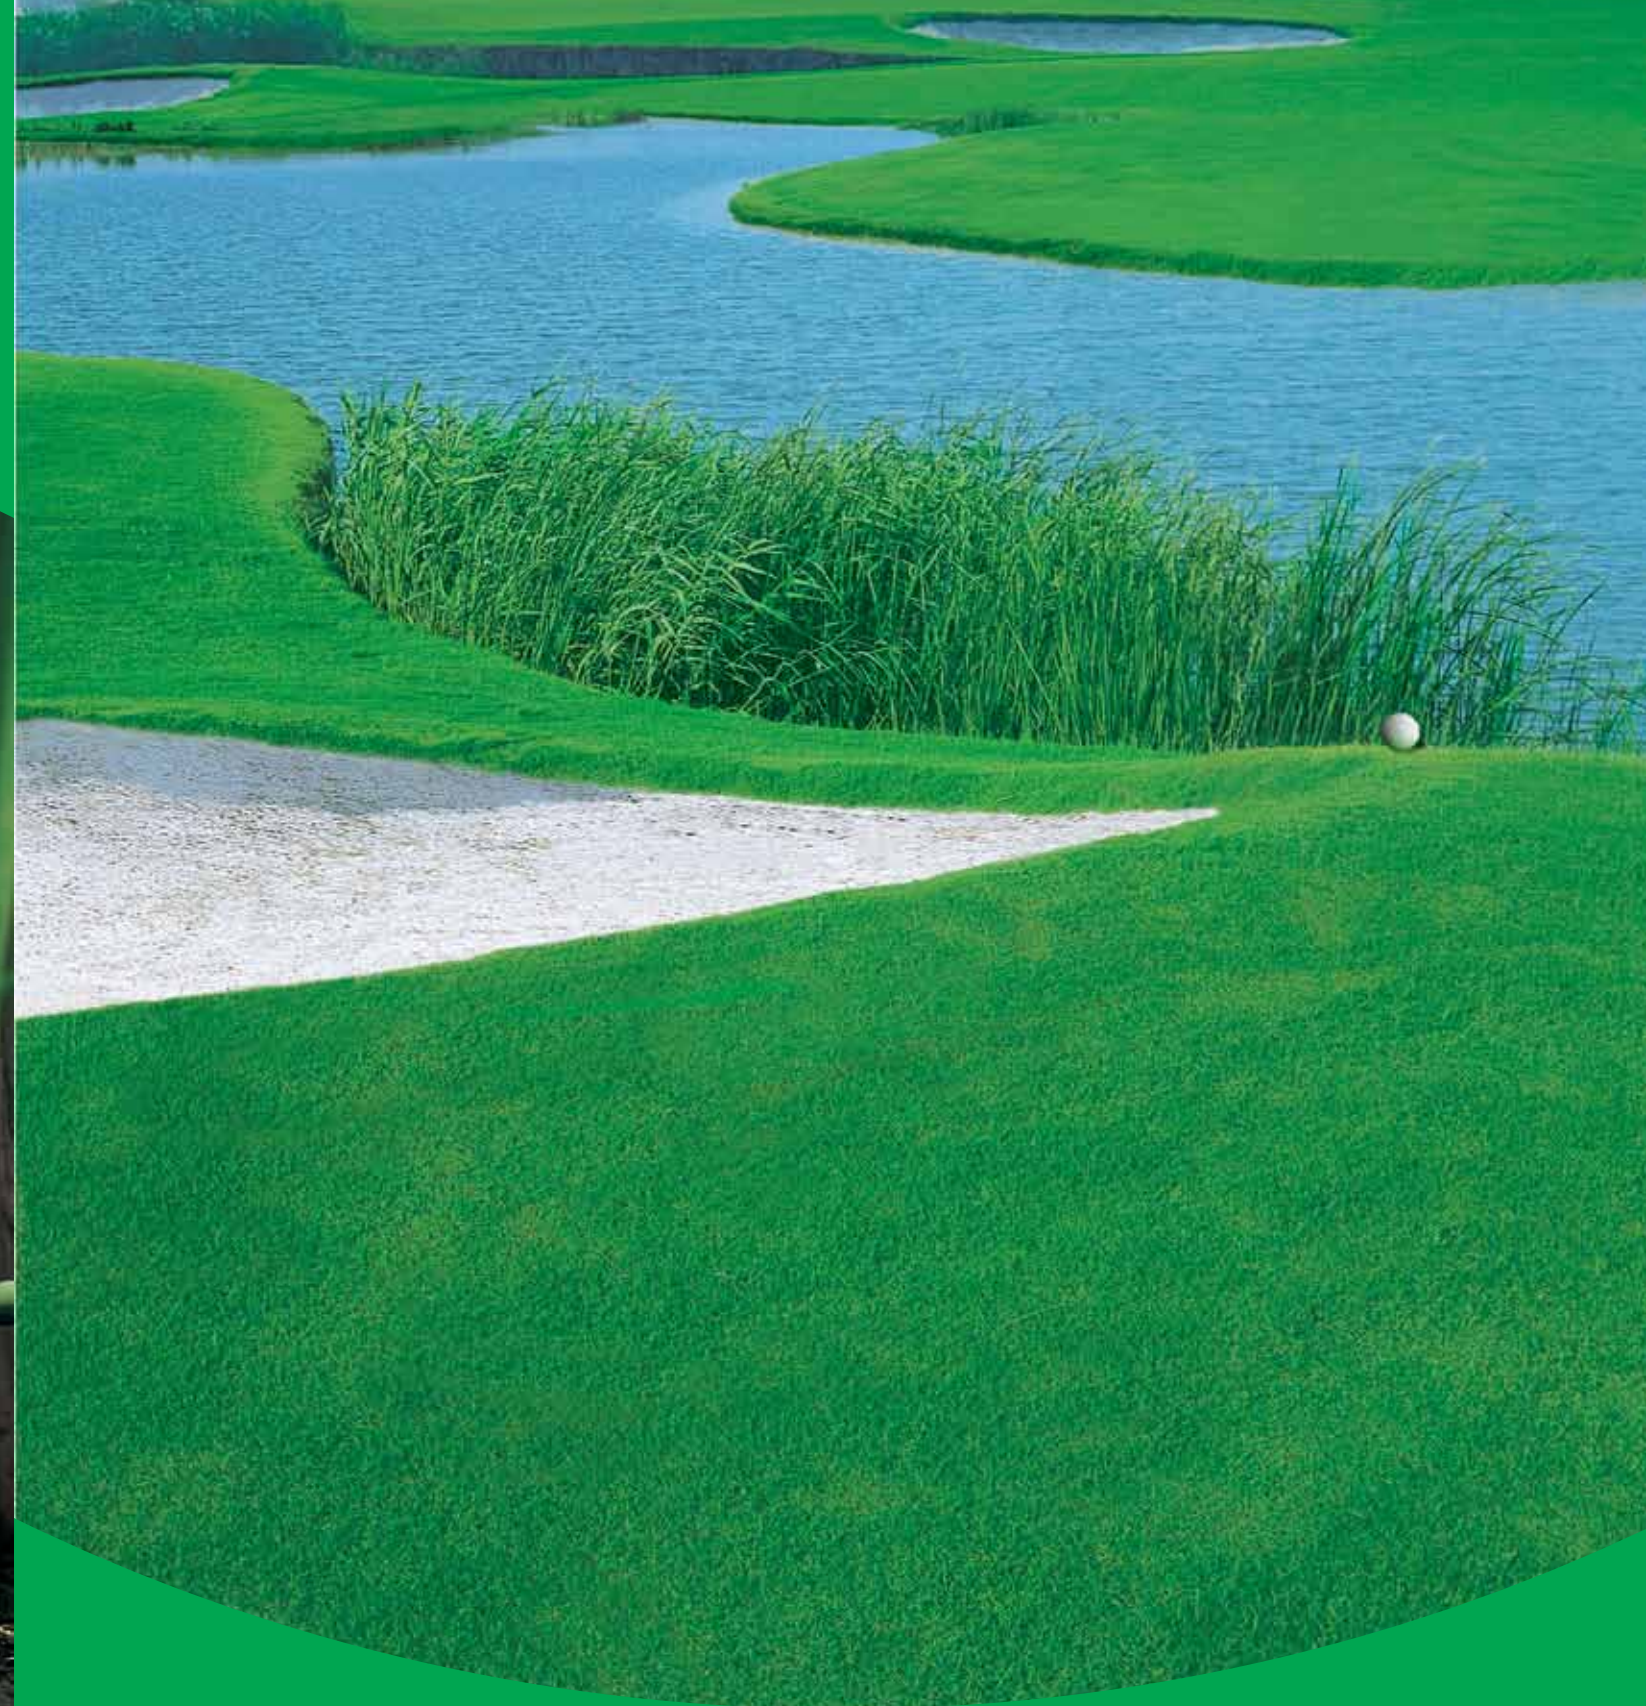

7347 yards, 72 par course, 5 different sets of tees,
14 lakes, water hazards, 88 bunkers.

Hole 6, Par 5

A tee shot unable to find its way through the rough and fairway bunkers.

Hole 7, Par 4

Tempted to go for a long and risky tee shot? Missing the narrow landing area will either find the lake or the punishing fairway bunkers.

Hole 13, Par 5
Negotiate between the four deep greenside bunkers for an eagle.

Hole 4, Par 4
Heroic drive over water onto the fairway.
An accurate second shot will find you safe on the greens or else.

CHAMPIONSHIP COURSE PAR EXCELLENCE

Welcome to Jaypee Greens - Another Place. Another World.

Located at Greater Noida, Jaypee Greens is the first Greg Norman signature course in India.

The course is an 18-hole championship layout, designed with the firm belief of setting new standards for championship golf in India & at the same time remain enjoyable for golfers of all levels.

Built on what was previously a flat featureless site, the design of the course involved the creation of several lakes. The earth from these lakes has been used to generate a dynamic, soft and undulating landform suitable for the laying out of 18 very exciting and challenging holes.

Each half of nine holes has 2 Par 5s, 5 Par 4s and 2 Par 3s making an overall par of 72. From championship tees, the course is strong and one of the longest in the world with a length of 7347 yards.

It wouldn't be an idle boast to say that Jaypee Greens has the finest fairways in India. Its gently rolling fairways are grassed using an imported Bermuda grass called Evergreen. This grass has been selected for its exceptional performance and superior playing surface.

The greens' surfaces are intended to be firm and fast and careful management of the Tifdwarf Bermuda grass, selected again for its well-proven performance, achieves this. A fully automatic irrigation system is used to water the turf. State-of-the-art turf care machines are used for upkeep and maintenance of turf surface.

The bunkering style at Jaypee Greens sets it apart from other courses in India. The bunkers are reminiscent of classic Melbourne Sandbelt courses including the world famous Royal Melbourne and Kingston Heath layouts.

Deep, with steep sand faces and cut edges, the bunkers are visually striking. They are carefully located to provide strategy and to duly reward the thinking golfer who challenges them with accurate shot making.

Apart from bunkering, the other hazards of the course include some of the lakes, which at times cross the line of play.

The course landscaping includes considerable planting of open and closed woodlands, understory shrublands, wetlands and wild-grassed areas.

The principle behind the course landscape is to create a very naturalised and private space free from the heat, dust and hustle and bustle outside. Considerable effort, therefore, has been put into the selection, procurement of local Indian plant species suitable for golf and the site conditions. By introducing a great diversity of flora, including some 10,000 trees, the course is not only visually striking and beautiful, but also has enormous habitat potential in attracting birds and other wildlife. All of which adds to the experience of playing golf at Jaypee Greens.

Jaypee Greens is brought to you by the Jaiprakash Group that has diversified interests in construction, cement, hydropower and hospitality.

Index	17	3	9	5	13	11	1	15	7		12	8	14	6	16	2	18	4	10				

Hole 1

A relatively short par 4 calls for a tee shot placed in the left half of the fairway. An accurate approach to the green may offer an easy birdie. Beware of the water all the way down the right side of the hole.

Black	354
Gold	331
Blue	293
White	278
Red	243

Hole 2

One of the longest par 4's is a dogleg right, which will challenge the best of golfers. The tee shot needs to be placed between the group of fairway bunkers. A good middle iron shot finding the undulating green will prove to be very satisfying as the greenside bunkers are quite imposing. A par on this hole is a very good score.

Black	461
Gold	423
Blue	413
White	397
Red	360

Hole 3

This challenging par 5 is mostly played into the prevailing wind. If the tee shot is not long enough the 2nd shot will be blind over the hill. An accurate 2nd needs to avoid the lake on the left & a series of bunkers on the right of the fairway. But the longer the 2nd shot produces more risk with a smaller landing area. Either way a well played 3rd shot will give you a chance of a birdie or else par will be a great score.

Black	569
Gold	536
Blue	507
White	501
Red	459

Hole 4

A relatively short par 4 hole will test the cool headed player. A heroic drive down the right may have your ball rolling into the water guarding that entire side of the hole. An approach to the green demands a precise shot to the flag, any shot to the left may find sand & to the right will find water. A par here will be a satisfying score.

Black	407
Gold	393
Blue	377
White	360
Red	339

Hole 5

The shortest par 3 calls for an accurate tee shot on to the small green sloping towards the water. The green is well guarded by bunkers on the far side which make this hole challenging.

Black	162
Gold	147
Blue	135
White	118
Red	109

Hole 6

A longish hole where a well struck drive should just avoid the long fairway bunker on the right if you want to reach the green in two. The player going for the green must avoid the 4 bunkers that surround the green and the lake that borders the left side.

Black	561
Gold	546
Blue	522
White	500
Red	476

Hole 7

This long par 4 requires a lengthy and accurate tee shot preferably down the right side to reach the green in regulation. With the landing area guarded by the lake on the left and the punishing bunkers on the right will test even the straightest hitters. The green is well elevated and protected and demands a well struck shot to hold the ball on the green.

Black	462
Gold	438
Blue	418
White	398
Red	384

Hole 8

The longest par 3 on the course with an elevated tee offers the player a clear view of the green. Though with the prevailing wind behind you, it shortens the distance quite considerably. It is well guarded by large bunkers all around and a well placed approach is needed to achieve par here.

Black	231
Gold	216
Blue	211
White	193
Red	180

Hole 9

The large lake that protects all the way along the right edge of the fairway right up to the green offers a tough challenge to this long par 4. The best approach to the green is to miss the fairway bunker on the right where even a run up shot will find the green. The large contoured green will reward a good putt if read well.

Black	461
Gold	443
Blue	435
White	435
Red	381

Hole 10

A relatively easy par 4 to tackle but playing into the prevailing wind will demand respect. An accurate 2nd shot will be required to avoid the closely guarding greenside bunkers. A precise approach is needed for a birdie chance. Par will be a very good score here.

Black	413
Gold	395
Blue	381
White	368
Red	357

Hole 12

A great par 3, which lures you into a false sense of security with its wide opening to a large undulating green. You will probably under club as the shot is uphill and again it plays into the prevailing wind. The not so friendly bunkers round the green will catch any loose shot.

Black	216
Gold	204
Blue	189
White	171
Red	156

Hole 11

This challenging par 5 into the prevailing wind where the placing of the tee shot needs to find its way between the heavy rough and the 2 fairway bunkers. Unless it is a long tee shot the 2nd shot is blind over the hill to the generous fairway. The approach shot is required to hit the green to miss the dangerous looking bunkers, which surround the green.

Black	562
Gold	535
Blue	520
White	307
Red	468

Hole 13

Playing safely from the tee though brings the large mounds on the left into play and an awkward stance in this narrow landing area. The 2nd shot to a generous landing area leaves a simple uphill pitch to negotiate the 4 deep greenside bunkers.

Black	569
Gold	546
Blue	521
White	497
Red	453

**Hole 14**

An easy downhill par 4 from the tee to an open fairway. The placement of the tee shot should be in the right half of the fairway short of the fairway bunkers. This offers the safest approach to the green, but is rather menacing for a tight pin position.

Black	356
Gold	330
Blue	325
White	308
Red	285

**Hole 15**

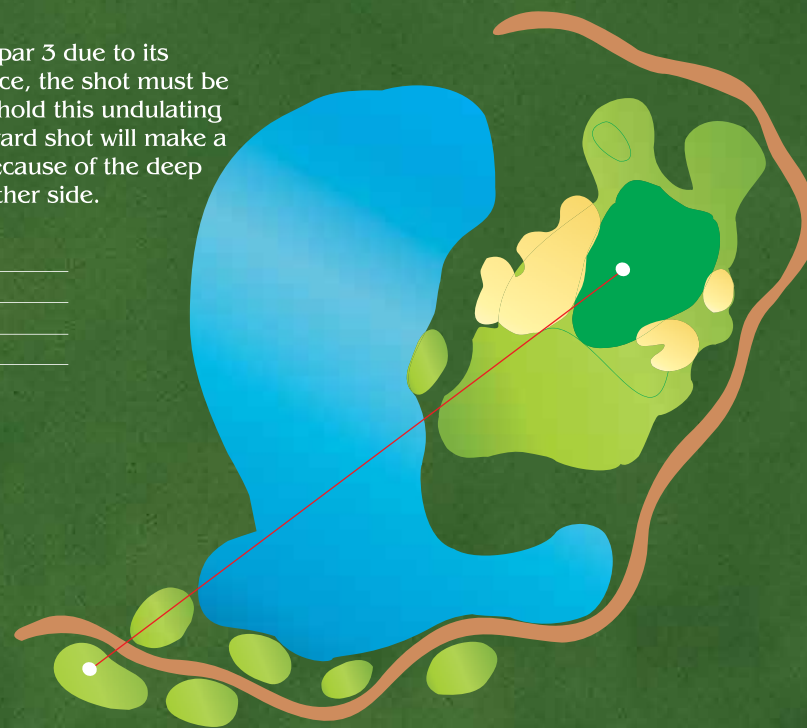

A fairly long par 4 rewards the longer tee shot. The approach to the green needs to be perfect as the opening to the green is narrow and only an accurate shot will find the putting surface. The bunkers on either side of the green and water to the left and behind will punish the errant shot.

Black	450
Gold	426
Blue	401
White	379
Red	373

Hole 16

A demanding par 3 due to its narrow entrance, the shot must be well struck to hold this undulating green. A wayward shot will make a par difficult because of the deep bunkers on either side.

Black	176
Gold	159
Blue	145
White	135
Red	124

**Hole 17**

This penultimate hole is longest on the course and calls for a long tee shot down the left side for the shortest way home. Avoiding the tough fairway bunkers on the right will leave an easier but longer approach in. A poorly struck 2nd shot will cause difficulty in getting your par. As it will normally play into the prevailing wind, a par will be a good score.

Black	482
Gold	462
Blue	435
White	410
Red	388

**Hole 18**

This great par 4 requires the tee shot to thread its way through the cluster of fairway bunkers. The approach must find the green otherwise the deep unfriendly bunkers will ruin any chance of making par. A bold approach of tackling this hole will be most satisfying & rewarding

Black	455
Gold	432
Blue	421
White	402
Red	388

An Oasis

Imaginative services, and an ambience that draws you into an oasis of bliss, make the Jaypee Greens Golf Resort a renaissance for the body and mind.

A choice of venues, with all-round views of the golf course, provides you with a holistic resort experience and sense of tranquility in each activity. Be it a soothing massage, dining on delectable cuisine, or simply unwinding at the greens.

Welcome To Luxury.

Welcome To Jaypee Greens.

Of Bliss

Boomerang

With distinct architectural appeal and delightful views, Boomerang, the clubhouse, is the ideal place to unwind with friends and family. The serene surroundings and unobtrusive service also make it a preferred location for intimate business meetings.

Health And Fitness Centre

Get reacquainted with your body and soul at Synergy, our new age fitness center and spa. Strip away your stress with a sensory massage or tone up your body with an invigorating workout at the gym and follow it up with a relaxing session at the sauna.

The Pro Shop

The pro shop functions in sync with the golf course and aids the members and walk in golfers with its wide range of golf products. Even indoor practice putting mats and golf specific gadgets have been stocked at the pro shop at Jaypee Greens. It's open on all days from morning till evening.

Drop in for an update on the latest equipment and accessories from premium brands like Callaway, Ben Hogan, Cleveland, Odyssey, Wilson Staff and Titleist.

Imagination Is The

Stretching over 450 acres of golf course, spa, residences, lakes and landscaped parks, Jaypee Greens is first of its kind premium golf centric real estate development in India.

The 'spirit of golf' and 'respect for nature' are the founding principles for this low-density, gated community. The aim is to integrate quality living and recreational spaces into a well planned superior

surrounding that is controlled and invites the region's most affluent.

Designed in consultation with world renowned architects and design firms, Jaypee Greens offers select options of exclusive residential units like Estate Homes, Villas, Townhomes, Penthouses, Condominiums, Sea Court, Sun Court.

Beginning Of Creation

Enrich health experience for the entire family at the integrated sports complex. With a built up area of approximately 20,00,000 sq. ft., the facility offers a tennis academy, an aquatic academy, an athletics village, squash, basketball and volleyball courts, fitness centre, indoor gymnasium, hockey and soccer fields and much more.

To take care of the safety there will be a centrally monitored, layered security system. Communication network will be established with the help of optical fibre and community intranet services. To facilitate a hassle-free living the project also covers a range of the facility management services.

Jaypee Greens Golf Academy

Golf Academy

Jaypee Greens Golf Academy provides an experience in which maximum results are achieved for both beginner and experienced golfers in an optimum learning environment. Jaypee Greens Academy endeavors to foster integrity, honesty and sportsmanship while staying on the cutting edge of teaching methods and techniques.

The Driving Range

The immaculately maintained 350 yard Driving Range, having facility to practice from both ends simultaneously with six target greens and one putting green fringed by roughs and bunkers, is the perfect place to sharpen your skills.

Meet the Head Pro (Abhimanyu Singh)

Our Head Pro, graduated with an honors degree from The San Diego Golf Academy, California, where he received an Associate Degree of Applied Business in Golf Management and Teaching Professional.

Area of emphasis was on Golf Teaching Professional besides obtaining certifications of completion for Golf Teaching. He also received adequate training in Club Fitting, Tournament Planning & Organization and Course Designing.

He has had experience in conducting golf lessons for senior citizens, ladies and children in USA. Besides teaching he has had enough experience in conducting corporate clinics for – Bank of America, Vertex, Ariba, The Boston Consulting to name a few.

He is a well qualified and experienced golf pro. So the members can now look forward to some highly professional coaching sessions from our Head Pro.

Coaching Programmes

The coaching programmes offer first rate golf instruction and first- class service to every standard of golfer, whether a beginner or an experienced golfer. The Jaypee Greens Golf Academy offers various state-of-the-art facilities and equipments to hone your skills.

Location Map

THE DRIVE TO JAYPEE GREENS IS 25 MINUTES FROM NEW FRIENDS COLONY, 35 MINUTES FROM SOUTH EXTN., 50 MINUTES FROM VASANT VIHAR, 50 MINUTES FROM CONNAUGHT PLACE.

The Lineage

Transforming challenges into opportunities has been the hallmark of the Group ever since its inception four decades ago. Jaypee Group is a Rs. 10,000 crore well diversified infrastructure conglomerate with a formidable presence in Engineering & Construction, Power, Cement, Real Estate, Hospitality, Expressways & Education (not-for-profit).

ENGINEERING & CONSTRUCTION

The Engineering and Construction wing of the group is an acknowledged leader in the construction of multi-purpose river valley and hydro power projects.

The Group is the only integrated solution provider for hydro power projects in the country with a track record of strong project implementation in different capacities and has participated in projects that have added over 8840 MW of hydro electricity to the National Grid between 2002 to 2009.

CEMENT

Jaypee Group is the 3rd largest cement producer in the country. The group produces special blend of Portland Pozzolana Cement under the brand name 'Jaypee Cement' (PPC). Its cement division currently operates modern, computerized process control cement plants with an aggregate installed capacity of 22.80 MnTPA*. The company is in the midst of capacity expansion of its cement business in Northern, Southern, Central, Eastern and Western parts of the country and is slated to be a 37.55 MnTPA by FY12E with Captive Thermal Power plants totaling 702 MW.

(*includes 2.2 MnTPA capacity in joint venture with SAIL)

POWER

The Group is India's largest private sector hydro power producer and is on its way to be an integrated power producer with expansion in Thermal, Wind & Power Transmission.

Jaypee Group's operational power plants are 300 MW Baspa-II (Himachal Pradesh) and 400 MW Vishnuprayag (Uttarakhand). By 2012, the total hydro power capacity will be 1700 MW with the commissioning of the 1,000 MW Karcham-Wangtoo project while the power generation (including Thermal) for the Group shall be 2200 MW. The Group is poised to be a 13,470 MW power producer by 2019.

HOSPITALITY

The Group owns and operates four 5-Star hotels, two in New Delhi and one each in Agra and Mussoorie with a total capacity of 644 rooms. Another state-of-the-art resort and spa is being set up in collaboration with 'Six Senses' at Greater Noida.

REAL ESTATE

The Group is a pioneer in the development of India's first golf centric real estate project. Jaypee Greens - a world class fully integrated complex at Greater Noida consists of an 18-hole Greg Norman Golf Course. Stretching over 452 acres, it also includes residences, commercial spaces, corporate park, entertainment zones and nature in abundance.

Jaypee Greens also launched its second project in Noida in November 2007. India's First Wish Town, is an Integrated Township spread over 1162 acres of land comprising one 18-hole and two 9-hole golf facilities & world class residences.

EXPRESSWAYS

The Group is currently implementing the 165 km. Noida to Agra, 6/8 lane Yamuna Expressway Project. Development on 6175 acres at five or more locations along the expressway for commercial, industrial, institutional, residential and amusement purposes, will also be undertaken as an integral part of the project. The project is slated to be completed by 2011.

SOCIAL COMMITMENTS

The Group has always believed in 'growth with a human face' and has supported the socio economic development of the local environment in which it operates and ensured that the economically and educationally challenged strata around the work surroundings also benefit from the Group's growth by providing education, medical and other facilities for local development.

The Group currently provides education across all spectrum of the learning curve through 19 schools, 3 ITI's, 2 colleges and 3 universities catering to over 20,000 students.

Last but not the least, 'to strive for excellence in every activity we undertake, as we contribute in nation building through our participation in infrastructure sector of the country utilizing resources optimally, while growing with a human face - 'NO DREAM TOO BIG'.

A Beautiful Reality...

where you love the whole tree, the shapely branch, the tender & wither leaf, the falling petal, the flight of birds and white moths dancing on the wings of fire into the enticing night. The splendid shadow of full love ... in the scenery, the people and the environment.

Life in its fullness... knows no decay.

Incorporating the ideas of the world renowned architects & design firms, the project - Jaypee Greens has been evolved with the following features :

- 18 hole Greg Norman championship golf course. Spread over 197 acres, it is the longest in India at 7347 yards with 88 bunkers and 14 waterbodies.
- 9 hole Graham Cooke designed chip and putt golf course, present an enjoyable challenge to every level of golfer.
- An immaculately maintained 350 yards Driving Range has the facility to practice from both ends simultaneously with six target greens and one putting green fringed by roughs and bunkers.
- Golf Academy with a well equipped Pro shop is all set with state-of-the art training facilities.
- Golf and Spa Hotel in collaboration with 'Six Senses Resorts & Spas', tucked away in the ambient setting of the golf course.
- Atlantis-the club at Jaypee Integrated Sports Complex with over 16 sports disciplines, designed for amateurs & professional training and competitive formats.
- 60-acre Nature Reserve Park enveloped by 7.5 acre man-made lake full off flora and fauna.
- Well-designed Town Centre with shopping malls, convenio, boutique, cafes & restaurants in place.

The Jaiprakash Group's entry into the pristine world of golf marks the beginning of a holistic approach towards entertainment in the Indian Millennium. I'm more than happy to present to all lovers of this beautiful game, the Jaypee Greens Golf Resort, a Greg Norman signature championship course.

I, on behalf of the Jaiprakash Group, take this opportunity in inviting you to enjoy the game, and, more importantly, enjoy the good life.

Jaiprakash Gaur
