# THE 15.7KM BOULEVARD OF LIFE

Sports City has been planned to redefine urban living. Inspired by the world's great destinations, it seeks to provide an environment where quality of life always comes first. The 15.7km Green Boulevard of Life is a case in point. 80 to 200 metres wide, this green artery flows through the entire city. Separate lanes give motorists, cyclists and pedestrians their own space to enjoy. The leafy thoroughfare also nourishes cafes, restaurants and retail outlets in its wake. The Bougainvilleas is located on the Green Boulevard of Life, where every turn reveals a new discovery.

# SETTING THE PACE WITH

# F1

Sports City created history in 2011 by hosting India's first F1 GP at the Buddh International Circuit. The impeccable execution of this world class event spoke eloquently of the capabilities and organization behind it. The circuit is now ready to be an active destination for more global motorsport events. The same world class standards of planning and execution are being applied to Sports City. You'll enjoy the stringent attention to detail in every aspect of your home at The Bougainvilleas.
